### Description

We also used the September 9/11 Shell Oil Company Heroes Program to help us raise some matching funds to reach the minimum public support level of 33% of the funds raised in 2020. The majority of our funds came from grants from the Giles family foundations and the Government Covid-19 grants/PPP loans that were forgiven. Specific water well project funding that we used to get from partners like LWI in the USA was discontinued in the prior year. However, we were also successful in locally generated revenue in Nigeria used in-country to do a few well projects and sustain our local staff - the drill teams and the Health & Hygiene WASH teams. Overall, we drilled 8 new public wells, 4 privately sponsored wells for private-ministry partnership well projects that supply the communities where the sponsor owns the property, plus 8 Rehabilitation wells. Further, we conducted Hygiene and Sanitation training in all the sites where we drilled new wells or did rehab projects. The WASH team also did an average of 1-2 Site Visits per month to old water well project sites that are successful and functional from as far back as 2003. That means a minimum of 12 Sites were visited to confirm the functionality of their water well projects, reinforce hygiene training, and share the gospel of Christ as the need arises.
